TRUSTED APPIAN PARTNER.
CERTIFIED APPIAN RESELLER.

WHO WE ARE

We are a small minority-owned business that is redefining the digital landscape through innovative, simplified, and reliable software solutions.

Founded in 2015 by leading Appian developers with over 75 years of combined experience delivering solutions to government, commercial and not-for-profit entities. We are a diverse and inclusive community with extensive business, engineering and technology expertise. With our headquarters located just outside of Washington D.C. as well as in Denver, Colorado, we are your on-demand team of Appian experts.

PAST PERFORMANCE

Client: Federal Agency

We developed a dynamic case management solution that improved the management process and the distribution of a multi-billion dollar fund.

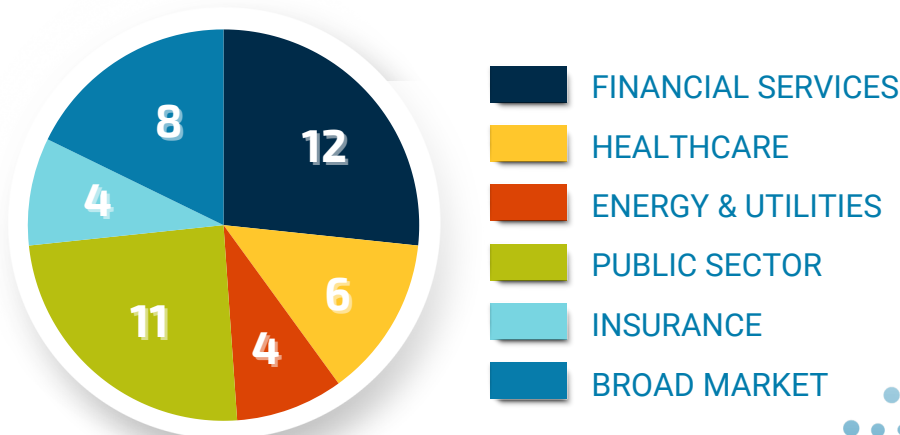

Client: Large Healthcare payer

We custom-developed a solution that utilizes the Appian platform and transformed the method for pre-authorization requests. This resulted in cutting the processing time in half.

Client: Large Financial Services company

We created a quantitative research system that improved how companies are searched. Our solution resulted in increasing the annual throughput from hundreds of companies to thousands.
